CME Resurvey Policy

1. MSSNY will notify the CME Provider in writing when the resurvey application is due, giving the specific date when the application is to be received in the office of MSSNY's Public Health and Education.
2. Any request for an extension of a resurvey due date must be submitted in writing by the CME Provider stating the reason(s) for the request to the office of MSSNY's Public Health and Education, and must be received prior to date the resurvey application is due.
3. The office of Public Health and Education will write a letter either granting or denying the request. If the extension is granted, the letter will state the new date the resurvey application is due.
4. If the application is not received by the due date, a recommendation will be made to the MSSNY Committee on Education to alter the institution's CME accreditation status.
