

The Medical Society of the State of New York is happy to announce that it has qualified to receive seventy-five (75) free licenses of PQRI web-based software from DocSite® to distribute to our membership on a 'first com, first-served basis. The offer is available to all physician members but the following conditions are preferred and will be given a higher consideration: practices that are independent, small, rural and primary care.

In order to be eligible, you must also have a high speed internet connection; agree to participate by submitting a signed letter of attestation; submit 2009 data by 01/31/2010; agree to report your experiences over the coming months with the process including barriers or challenges; and report your successful completion in meeting the goals set forth by the reporting option you have selected.

Please click on the [PQRI Participation Letter](#) link to download the letter. The letter must be completed and sent back to MSSNY per the instructions indicated. If you have any questions, please click on the [DocSite PQRI FAQs-2009.pdf](#) for Frequently Asked Questions about the program. All remaining questions should be directed to Ron Pucherelli, HIT Project Administrator at 518-465-8085 or to [rpucherelli@mssny.org](mailto:rpucherelli@mssny.org).
