

INDUSTRY SCHOLARS PROGRAM

OPENING DOORS OF POSSIBILITIES FOR YOUTH

The **Industry Scholars Program** supports NYC public high school students advance their post-secondary education and career aspirations through valuable work-based learning activities since 2016. Join us in offering internships and mentorship to the next generation of talent.

Host an Internship

Internships are structured paid work-based learning experiences in which scholars gain firsthand knowledge of work with your company. *Students are in FutureReady and Career & Technical Education (CTE) high schools studying pathways in tech, business, finance, construction, sustainability, engineering, culinary arts, hospitality, transportation, media, design, and healthcare.*

2024 Program Timeline

Fall Internship:

- November 4- December 20
- Seven weeks / 60 hours total
- In-person & hybrid worksites
- Scholars are paid \$16/hour by NYC Public Schools at no cost to you

Through partnering your company can...

- ✓ Introduce students to a wide range of careers and jobs within the industry.
- ✓ Engage in meaningful mentorship building up the next generation of diverse talent.
- ✓ Offer opportunities for students to develop, practice, and demonstrate employability skills.
