Its mission is to provide quality professional liability insurance to healthcare professionals at the lowest possible cost consistent with long term viability.

Formed in response to the medical professional liability insurance crisis of the late 1970s, MLMIC is, and has always been, a strong advocate for the healthcare community and has effectively lobbied for legislative reform to address those issues that continue to plague healthcare professionals. MLMIC stands behind its philosophy to aggressively defend and resist any payment for groundless claims and to swiftly and equitably compensate those claimants with meritorious claims.
