

Template for Peer Review: Ensuring that Clinical Content is Valid

For more information, visit
accme.org/standards

Please answer the following questions regarding the clinical content of the education.

Are recommendations for patient care based on current science, evidence, and clinical reasoning, while giving a fair and balanced view of diagnostic and therapeutic options? [*Standards for Integrity and Independence 1.1*]

Yes
No

Comments:

Does all scientific research referred to, reported, or used in this educational activity in support or justification of a patient care recommendation conform to the generally accepted standards of experimental design, data collection, analysis, and interpretation? [*Standards for Integrity and Independence 1.2*]

Yes
No

Comments:

Are new and evolving topics for which there is a lower (or absent) evidence base, clearly identified as such within the education and individual presentations? [*Standards for Integrity and Independence 1.3*]

Yes
No

Comments:

Does the educational activity avoid advocating for, or promoting, practices that are not, or not yet, adequately based on current science, evidence, and clinical reasoning? [*Standards for Integrity and Independence 1.3*]

Yes
No

Comments:

Does the activity exclude any advocacy for, or promotion of, unscientific approaches to diagnosis or therapy, or recommendations, treatment, or manners of practicing healthcare that are determined to have risks or dangers that outweigh the benefits or are known to be ineffective in the treatment of patients? [*Standards for Integrity and Independence 1.4*]

Yes
No

Comments:

Note for Continuing Education Staff

One strategy to ensure the clinical content validity of accredited continuing education is to allow external (peer) review by persons with appropriate clinical expertise and no relevant financial relationships with ineligible companies, defined as those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. The questions above direct reviewers to share feedback about each of the requirements that comprise Standard 1 in the Standards for Integrity and Independence. For more information, see accme.org/standards.
