

Planning for the 2023 House of Delegates continues and we write to provide you with some additional dates which you may want to place on your calendar.

The House of Delegates will begin promptly at 8 AM on Saturday, April 22, 2023 and will continue until late afternoon. General session will take place in the Grand Ballroom of the Westchester Marriott Hotel in Tarrytown. At that time, we will discuss the completed reference committee reports and the recommendations made within them. While we will make every effort to complete discussion of our ref com reports on Saturday, we will not stifle discussion to achieve adjournment on Saturday.

The schedule of HOD deadlines and activities thus far – which could change as necessity requires – is as follows:

- | | |
|-------------|--|
| November 28 | Credentialing of Delegates is due
Send credentialing to: Michael Reyes
(Speaker will be appointing reference committees in late December) |
| March 1 | Deadline for resolution submissions
Send resolutions to: Michael Bartlett
(Items submitted after this date must pass Rules Committee acceptance) |
| March 18 | Resolutions posted to MSSNY website |
| March 24-26 | Virtual reference committee hearings
(Day and time to be determined) |
| April 14 | Reference Committee reports posted to MSSNY website
(Comments can be posted for resolutions) |
| April 21 | Poster Symposium, 12PM
(Please contact Kathy Rohrer if interested in reviewing abstracts or by participating as an onsite judge for the symposium) |
| April 22 | House convenes at 8am |

We ask that resolutions submitted are properly formatted, well thought out and constructed, and any research to document the author's resolved clause is included. This is a substantial help to reference committee members and staff. Authors should include policy citations from MSSNY's position statements as well.

With our **very best wishes** for the holidays and the New Year. Thank you for all you do every day. Be safe, healthy, and happy.

William R. Latreille, Jr, MD
Speaker

Maria A. Basile, MD
Vice Speaker
