PRESENTATION DESCRIPTION

Common Claims Against Physicians: A Specialty Review

1:00 p.m. - 2:00 p.m.

[Click Here to Register](#)

For over forty-five years, MLMIC has defended physicians of all specialties against claims of medical malpractice, creating the largest database of New York medical liability data in the process. Join us as representatives from MLMIC’s Risk Management and Legal Departments present claims data for the most frequently targeted medical specialties, identify the most common allegations against physicians and offer strategies to mitigate the risk of these claims.

By the end of this presentation, attendees will be able to:

- Identify the specialties most frequently targeted in malpractice claims
- Discuss the most common allegations made against New York’s physicians
- Understand the factors that impact physician liability in this state
- Implement risk management strategies to mitigate the risks of a medical malpractice claim.

MLMIC is accredited by the Medical Society of the State of New York (MSSNY) to provide continuing medical education for physicians.

MLMIC designates this live internet activity for a maximum of *1.0 AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Target audience: Physicians of all specialties
