I am running for the position of **AMA Delegate**

Please type a brief candidate statement.

I am running for re-election as the Young Physician Section Councilor and re-election to serve on the AMA delegation. Having represented various sections of MSSNY at the AMA over the past 13 years, and being elected to the AMA delegation 2 years ago I am well qualified to represent the diverse interests of New York physicians.

If elected to serve another term on the AMA delegation I will continue to bring forward NY resolutions and seek support from other delegations when there are differing opinions. I have intentionally sought to recruit other early career physicians to join MSSNY and actively engage in advocacy. I will continue to recruit young physicians and trainees as well as mentor them in an effort to maintain their involvement in MSSNY.
