I am running for the position of **AMA Delegate**

Please type a brief candidate statement.

I am asking for the support of our MSSNY HOD to continue to serve as a delegate to the AMA. During my time as an alternate delegate and now delegate, I have worked to bring MSSNY HOD resolutions to the AMA where we have had much success with influencing policy on a national level. This is the most important work of our delegation. I have served as a mentor to many of our newer delegated and will continue to do so. I have worked at the AMA to help MSSNY physicians get elected to important positions on councils and the board of trustees. Again, this brings more voice to our MSSNY members. My seven years as MSSNY PAC chair has given me expertise in legislative and electoral politics. I will continue to support our MSSNY AMA delegation in this area. As MSSNY president during the peak of the pandemic, I have valuable experience in public health and patient advocacy. I will continue to bring the voice of the New York physician to AMA deliberations as we speak up for the patients in our care.

I am Joe Sellers, and I ask for one of your votes for the MSSNY AMA delegation.
