ACTION ITEM FOR RATIFICATION - MSSNY Organizational Dues

On March 13, 2023 the Board of Trustees approved an Organizational Membership Dues chart that provided MSSNY dues discounts based on the number of physician members joining under the organization plus the number of years committed. Organizational members can choose to commit for 1, 2, or 3 years with the larger discount for the longer commitment. The original proposal submitted to the board covered groups joining with over 2,500 individual physicians. The board instead approved dues for up to 1,000 members.

Resubmitted is the original proposal that adds two additional tiers as follows:

1,000 – 2,499 members
2,500 + members

If approved, MSSNY will need to solicit written approval from the counties since the proposed dues discount is the same for MSSNY and the counties.

MSSNY has been working on an organizational member proposal for over 2,500 physicians since March. This has proved to be a challenge because it falls outside the current approved dues, and it needs approval from each individual county. We have not yet submitted a proposal to this organization.

Approved by MSSNY Board of Trustees 5/16/24. Seeking Council ratification.
